framesi Introductory Education

Tech for a Day Following your purchase of this offer, a framesi technician will spend a day in your salon introducing Framcolor 2001. The day will begin with a 90-minute informative presentation on how to formulate and use framesi color. For the remainder of the day, the technician will work hands-on with you and your stylists to assist in converting your existing clients to framesi formulations.

Color Clinic Within 3-4 weeks following **Tech for a Day**, a framesi technician will conduct an in-salon, 6-hour clinic customized to your needs to ensure complete support during your transition to Framcolor 2001. The technician will open with a 2-hour presentation tailored to address your specific questions. The remainder of the day is a hands-on workshop with models or color clients provided by the salon.

Your framesi distributor will schedule your classes. A framesi representative will contact you within 30 days of purchase.

framcolor 2001

1
